To Our Stockholders:

The purpose of this information statement is to inform the holders of record of shares of our common stock and preferred stock, as of the close of business on the record date, March 25, 2009, that our board of directors has recommended, and that a majority of our stockholders intend to vote in favor of, resolutions which will accomplish the following:

1. Amend our articles of incorporation to change the name of the Corporation to Global Environmental Resources, Inc.
2. Amend our articles of incorporation to increase the number of our authorized shares of common stock to Five Hundred Million (500,000,000) shares and to change the par value from \$0.01 to \$0.001.

We have consenting stockholders who hold 35,892,926 shares of our common stock, 280,000 shares of our Series A preferred stock, which represents 2,800,000 votes on a par with the common stock, and 547,300 shares of our Series C preferred stock, which represent 54,730,000 votes on a par with our common stock, who have consented in writing to these resolutions. These consents represent 57.57 percent of our common shares outstanding, 100 percent of our Series A preferred shares outstanding, and 81.38 percent of our Series C preferred shares outstanding, and together represent 93,422,926 votes of a total of 132,395,500 votes of all of our outstanding shares, or 70.56 percent of all votes. Under Delaware law, written consent of a majority vote of shareholders is sufficient to adopt the resolutions in question, without a formal meeting of shareholders.

Pursuant to our certificate of designations establishing Series C preferred stock, each share of the 672,500 shares of currently issued and outstanding Series C preferred stock may be converted into 100 fully paid and non-assessable shares of our common stock. On all matters submitted to a vote of the holders of the common stock, including, without limitation, the election of directors, a holder of shares of the Series C preferred stock is entitled to the number of votes on such matters equal to the number of shares of the preferred stock held by such holder, multiplied by 100. Therefore, the holders of the Series C preferred shares have the power to vote 67,250,000 shares on a par with the common stock. We also have 280,000 shares of Series A preferred stock outstanding, which may be converted into 2,800,000 fully paid and non-assessable shares of our common stock. On all matters submitted to a vote of the holders of the common stock, including, without limitation, the election of directors, a holder of shares of the Series A preferred stock is entitled to the number of votes on such matters equal to the number of shares of the preferred stock held by such holder, multiplied by 10. Therefore, the holders of the Series A preferred shares have the power to vote 2,800,000 shares on a par with the common stock. There is no separate class voting of either the Series A or the Series C preferred shares.

The holders of all of the Series A preferred stock holding 2,800,000 votes, the holders of the Series C preferred stock holding 54,730,000 votes, and shareholders holding 34,132,926 shares of our common stock, with the total representing 70.56 percent of the outstanding votes out of 132,395,500

total votes outstanding on the record date, have indicated that they intend to consent in writing to adopt the resolution to approve the amendments to our articles of incorporation. These shareholders together have the power to pass the proposed resolutions without the concurrence of any of our other stockholders.

This information statement is being mailed on or about April 17, 2009 to all stockholders of record as of March 25, 2009

Very truly yours,

Boris Rubizhevsky
President

YOU ARE REQUESTED NOT TO SEND A PROXY.**

VOTING SECURITIES

In accordance with our bylaws, our board of directors has fixed the close of business on March 25, 2009 as the record date for determining the stockholders entitled to notice of the above noted action. The amendments to our articles of incorporation require the affirmative vote of a majority of the cumulative votes represented by the shares of our common stock and preferred stock issued and outstanding at the time the vote is taken. As of the record date, 62,345,000 shares of our common stock were issued and outstanding, 280,000 shares of our Series A preferred stock were outstanding, and 672,500 shares of our Series C preferred stock were outstanding.

Each share of our common stock outstanding entitles the holder to one vote on all matters brought before the common stockholders. Each share of our Series A preferred stock entitles the holder to ten votes on all matters brought before the stockholders. Each share of our Series C preferred stock entitles the holder to one hundred votes on all matters brought before the stockholders

We have consenting stockholders (the Consenting Stockholders), who hold 34,132,926 shares of our common stock, 280,000 shares of our Series A preferred stock representing 2,880,000 votes and 547,300 shares of our Series C preferred stock representing 54,730,000 votes on a par with our common shares.

Therefore, the Consenting Stockholders will have the power to vote 93,422,926 shares of our voting stock which number represents a majority (70.56 percent) of the 132,395,300 outstanding votes of our voting stock as of the record date. The Consenting Stockholders will vote for the amendment to our articles of

incorporation. The Consenting Stockholders will have the power to pass the proposed corporate action without the concurrence of any of our other stockholders.

Security holders may also address future requests regarding delivery of information statements and/or annual reports by contacting us at the address noted above.

DISSENTERS' RIGHT OF APPRAISAL

No action will be taken in connection with the proposals by our board of directors or the voting stockholders for which Delaware law, our articles of incorporation, or bylaws provide a right of a stockholder to dissent and obtain appraisal of, or payment for, such stockholder's shares.

BACKGROUND

Paradise Music & Entertainment, Inc. ("Paradise" or the "Company") was incorporated in the State of Delaware on July 18, 1996. Paradise operates offices in Florida and Colorado and has a wholly-owned subsidiary based in New York.

Our common stock traded on the NASDAQ OTC Bulletin Board from January 22, 1997 through March 15, 2002 under the symbol "PDSE" and thereafter on the over-the-counter markets under the symbol 'PDSE.pk'. Beginning May 2002, the only bid and ask quotations for our common stock were those provided by market makers and other dealers who listed such quotations with the National Daily Quotation Service, commonly referred to as the interdealer "Pink Sheets."

AMENDMENT TO ARTICLES OF INCORPORATION TO
CHANGE THE CORPORATE NAME AND TO
INCREASE THE NUMBER OF AUTHORIZED COMMON SHARES

The board of directors has determined that it is advisable to change our corporate name and to increase our authorized common stock and has adopted, subject to stockholder approval, an amendment to our articles of incorporation to change our corporate name to Global Environmental Resources, Inc. and to increase our authorized number of shares of common stock from 100,000,000 shares to 500,000,000 shares of common stock, par value \$0.001 per share. A copy of the proposed resolutions amending our articles of incorporation is attached to this information statement as Attachment A.

Changing our corporate name to Global Environmental Resources, Inc. has been approved by our Board of Directors in order to more accurately reflect the nature of the company's business and business model, which is to operate in and to acquire additional companies operating in the environmental testing and remediation markets. The change of name also will result in a change in the trading symbol for our common shares from the current PDSE to a new symbol to be determined on application to the Financial Industry Regulatory Authority (FINRA).

Authorizing an additional 400,000,000 shares of common stock would give our board of directors the express authority, without further action of the stockholders, to issue common stock from time to time as the board deems necessary. The board of directors believes it is necessary to have the ability to issue such additional shares of common stock for general corporate purposes. Potential uses of the additional authorized shares may include equity financings, issuance of options, acquisition transactions, stock dividends or distributions, without further action by the stockholders, unless such action is specifically required by applicable law or rules of any stock exchange or similar system on which our securities may then be listed.

The following is a summary of the material matters relating to our common stock.

Presently, the holders of our common stock are entitled to one vote for each share held of record on all matters submitted to a vote of our stockholders including the election of directors. Our common stockholders do not have cumulative voting rights. Subject to preferences that may be applicable to any then outstanding series of our preferred stock, holders of our common stock are entitled to receive ratably such dividends, if any, as may be declared by our board of directors out of legally available funds. In the event of the liquidation, dissolution, or winding up of the Company, the holders of our common stock will be entitled to share ratably in the net assets legally available for distribution to our stockholders after the payment of all our debts and other liabilities, subject to the prior rights of any series of our preferred stock then outstanding.

The holders of our common stock have no preemptive or conversion rights or other subscription rights and there are no redemption or sinking fund provisions applicable to our common stock. The amendment would not alter or modify any preemptive right of holders of our common stock to acquire our shares, which is denied, or effect any change in our common stock, other than the number of authorized shares.

The issuance of additional shares to certain persons allied with our management could have the effect of making it more difficult to

remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. In addition, an issuance of additional shares by us could have an effect on the potential realizable value of a stockholder's investment.

In the absence of a proportionate increase in our earnings and book value, an increase in the aggregate number of our outstanding shares caused by the issuance of the additional shares will dilute the earnings per share and book value per share of all outstanding shares of our common stock. If such factors were reflected in the price per share of common stock, the potential realizable value of a stockholder's investment could be adversely affected.

The additional common stock to be authorized by adoption of the amendment would have rights identical to our currently outstanding common stock. Adoption of the proposed amendment and issuance of the common stock would not affect the rights of the holders of our currently outstanding common stock, except for effects incidental to increasing the number of outstanding shares of our common stock, such as dilution of the earnings per share and voting rights of current holders of common stock. If the amendment is adopted, it will become effective upon filing of a certificate of amendment of our articles of incorporation with the Secretary of State of Delaware.

Issuance of additional shares.

As of the date of this information statement, our board has no specific plans to issue or use any of our newly authorized shares of common stock. However, it is expected that the Company will undertake a private offering of its common shares in the next few months in order to raise needed working capital. The increase in the number of our authorized common shares is proposed by our management in order to ensure sufficient reserves of our common stock for various capital purposes, including the anticipated private offering, and to eliminate the need for similar amendments in the near future, which could be costly and time-consuming.

The proposal with respect to our common stock is not being made by us in response to any known accumulation of shares or threatened takeover and we have no current plans to use the additional common shares for a merger, acquisition or other corporate business combination.

VOTE REQUIRED

The affirmative vote of a majority of the total number of shares of our issued and outstanding capital stock is required to approve the amendment to our articles of incorporation to change our corporate name and increasing the number of our common shares.

The written consent of the Consenting Shareholders represents more than a majority of the issued and outstanding voting stock of the Company so the proposal will be adopted without a formal vote of all shareholders.
